## **ProAct Safety to Participate in 2012 Safety Conferences** *Safety excellence company to present advanced safety improvement topics.*

(The Woodlands, TX – January 7, 2012) ProAct Safety, an international safety excellence consulting firm, announced its participation in several 2012 local and national safety and industry conferences with presentations on various safety performance and improvement topics. In addition to [ProAct Safety's 2012 public workshops](#), these conference sessions will convey vital information about successful and sustainable safety processes.

“We are honored to present our approaches to safety excellence in these talks. These [safety events](#) are some of the best ways for individuals to maintain their commitment to enhancing safety and learn new ideas to transform results and increase value to the organization. They allow for the unfiltered idea-sharing so critical in our industry.” said [Shawn M. Galloway](#), President of ProAct Safety. “The presentations are full of internally-implementable ideas for organizations to significantly improve not only the culture and performance of safety, but all areas of operations as well.”

Throughout the year, ProAct Safety will contribute safety expertise at the following events:

**National Safety Council, webinar** (online; January 18)

- Safety Measurement: The Dysfunctional Big Picture

**American Society of Safety Engineers, SeminarFest** (Las Vegas, NV; February 2 – 4)

- Using Near-Miss Data for Successful Loss Control
