ProAct Safety's Galloway to Discuss Creating a Safety and Security Mindset at The Great Conversation

Shawn M. Galloway will outline a clear direct series of steps that can positively change thinking within a culture and change the mindsets that create a path to sustainable value in safety and security.

(The Woodlands, TX – February 27, 2019) ProAct Safety, pioneer of safety excellence strategies, announced Shawn M. Galloway, the company's president and chief operating officer, will speak at [The Great Conversation](#) on Tuesday, March 5th at 8:30am. The conference will take place at the Bell Harbor International Conference Center in Seattle, Washington.

The talk, "Creating a Safety and Security Mindset," covers how operationalizing security and safety can create real, sustainable value over time. Galloway will present strategic steps to follow as a formula for developing a culture that elicits discretionary actions. By aligning injury and incident prevention tactics with a culture that will reinforce the efforts in the absence of leaders, gains can be sustained without formal prompting.
